

Elevate & Circulate

 **GOLDEN**
POSITIONING YOU FOR LIFE

A MESSAGE FROM OWNER & CEO

Golden is known for comfort, quality, and innovation. Since 1985, we have produced power lift recliners that push the boundaries of expectation, providing seating options with unique body positions.

In 2018, we launched the MaxiComfort® Cloud with Twilight Technology, a luxury power recliner capable of providing never before seen or felt levels of comfort, thanks to our patented three Comfort Zone positioning system. In 2019, we launched the next generation of patented Twilight Technology offering five Comfort Zones. It offers you a new range of rejuvenating positions to comfort the body and ease the spirit.

Our chairs are handcrafted with the highest quality components available, engineered to give you maximum service with minimum maintenance, and backed not only with a lifetime warranty on our lift frame and scissor mechanism, but our wooden frame as well. We hope your Golden chair provides years of comfort and enjoyment while sitting down and relaxing as well as standing up when lift assist is needed most.

We are proud to manufacture America's favorite power lift recliners - for your family, and ours.

Chief Executive Officer

Features that make Golden Power Lift Recliners America's #1 brand!

Golden Technologies is the world's leading manufacturer of power lift recliners. Founded in 1985, Golden has become America's most trusted and reliable brand. All chairs are handcrafted by American workers with domestic and imported materials (with the exception of the PR118 and PR446 in the DeLuna Series). Each chair undergoes over 42 quality control inspections before the product is approved for shipping. Golden is the pioneer of innovative products and features.

Golden lift chairs are Class II Medical Devices.

noun | a place or situation where one feels safe or at ease without stress

Comfort Zone™ by GOLDEN

The Comfort Zone by Golden offers a stress-free reclining experience by providing patented and supportive positioning zones that can increase your body's wellness and optimize the feeling of comfort.

Zone 1

LOWER BODY

The four-way motion of the seat helps provide relief to muscle and joint pain by placing your lower body in a supported ergonomic position.

Zone 2

UPPER BODY

The independent movement of the backrest, combined with the four-way motion seat box in Zone 1, creates our patented positioning that allows stress and strain to be released from your upper body by offering adjustable support for your back and shoulders.

Zone 3

HEADREST

The upward motion of the adjustable headrest allows for tension to be released from your neck and shoulders by supporting your head placement, while encouraging the natural shape of your spine.

Zone 4

LUMBAR

The custom and firm support of the adjustable lumbar can take pressure off your spine while giving your back muscles the chance to rest and rejuvenate.

Zone 5

TWILIGHT TILT

The tilting motion of our patented Twilight Technology provides a feeling of weightlessness and offers even more positioning options not available with other recliners. Encourage circulation by relaxing with your legs elevated or promote the release of muscle tension and joint pain in a comforting neutral position.

WE PATENTED COMFORT™

FIVE-ZONE SYSTEM

Comfort Zones 1 - 5 This positioning system includes all five adjustable comfort zones to create the ultimate wellness comfort experience with our patented Twilight Technology. Each Comfort Zone can be adjusted independently by using the exclusive AutoDrive™ hand control.

FOUR-ZONE SYSTEM

Comfort Zones 1 - 4 provide an ergonomic comfort experience with an emphasis on head and back support. Each Comfort Zone can be adjusted independently by using the exclusive AutoDrive™ hand control.

TWO-ZONE SYSTEM

Comfort Zones 1 & 2 work together to create individualized wellness positioning and comfort with our patented four-way motion seat box and independent backrest. Each Comfort Zone can be adjusted independently by using the exclusive AutoDrive™ hand control.

ONE-ZONE SYSTEM

Comfort Zone 1 provides ergonomic placement of your lower body allowing your muscles to relax for long-lasting comfort. Comfort Zone 1 can be adjusted using the two buttons on the hand control.

GOLDEN AutoDrive™ 3.0

CUSTOMIZED COMFORT

Every MaxiComfort® power lift recliner comes with our exclusive AutoDrive™ hand control, which makes operating a MaxiComfort chair easy!

This smart system has taken the guesswork out of getting into and out of your favorite positions. The AutoDrive hand control comes with buttons pre-programmed to the positions that have become customer favorites: the Zero Gravity (ZG) position and the Sit position, the ideal position for upright relaxation! In addition, AutoDrive offers a programmable TV watching position so that you can always find your favorite way to watch your favorite shows. Just hold the button for the position you want and the chair will smoothly drive you there!

When you find another favorite position, simply use the programmable Memory (M) button and set the hand control's memory to that position in seconds! Your MaxiComfort chair will move there every time!

Our patented MaxiComfort positioning technology is available on select models of Golden power lift recliners in a variety of colors to match any décor. Experience the unmatched comfort, performance and style of MaxiComfort from the power lift recliner experts at Golden!

GOLDEN OFFERS THE HIGHEST QUALITY RECLINER FABRICS

When it comes to performance, comfort, and style, Golden Technologies' array of power lift recliners is unmatched in the industry. It's no wonder that the fabric we use gives you the same high quality and range of choices to please every taste and need – including our exclusive luxury Brisa® and high-performance fabric with Alta™ technology, plus a full palette of plush fabrics and colors. At Golden, we understand how important your lift chair is to you, and we want you to relish in its appearance and durability, as well as its functionality.

THE BRISA® COLLECTION

Cream Buckskin Saddle Bridle Coffee Bean Shiitake Iron Black Onyx Beet Root Night Navy

Supple Brisa® fabric offers the refined look of leather, but in a luxuriously soft, breathable, and temperate design. Brisa fabric comes in an extensive selection of lovely colors to choose from and will never stick to you or feel too hot or cold. This beautiful fabric is scratch proof and easy to clean and disinfect, so it always stays looking new! These fabrics are double rubbed 300,000 times to ensure the highest level of quality and durability. We're so sure of the quality of this fabric, that Golden offers a Lifetime Warranty* on all Brisa fabrics.

**Limited Lifetime Warranty, as long as normal use is maintained. Restrictions apply.*

NEW HIGH-PERFORMANCE FABRIC with Alta™ Technology

Our high-performance fabric with Alta™ technology is perfect for heavy-duty or high-traffic seating. Alta ramps up performance with a total liquid barrier, antimicrobial protection, and high repellency to liquids and oil-based stains. Exceptional cleanability reduces the need for harsh cleaning agents. Durablock™ liquid barrier provides breathable protection. Golden offers a 10-year warranty on all high-performance fabric with Alta technology.
